Welcome!

Girls, we are so glad that you are here! We are so blessed that you have chosen to set time aside and gather your girls!

Diamonds brings us together, around stories, themes and current concerns. There are events, blogs and meet ups for us to engage in. We're made for connection and alongside knowing our Saviour Jesus and His wisdom, we can talk things through. Let's overcome loneliness by connecting into community and make the conversation real.

This year, our annual conference is meeting in your home, cafe or any other place you and your friends love to meet. Invite those who you know, and those you don't know so well. Make space at your table and lets do Diamonds together. In this package you will find all you need to make Diamonds 2021 happen at home!

What to Expect

WHAT WE HAVE FOR YOU

This year we are so blessed to have Rev. Dr. Suzette Hattingh joining us to share a word in season, all about prayer and seeing victory! Suzette headed up the intercession ministry for Reinhard Bonnke's ministry "Christ for all Nations" (CfaN). She brings a wealth of wisdom and knowledge and we are so looking forward to her sharing what is on her heart.

We also have our very own Senior Pastor Sue Owen, who will spend time round her table with other women discussing more about what it is to take the gospel into our community. How can we be bold and beautiful, sassy yet submissive?

To help with the discussion round your table, we have created a worksheet of questions and discussion points, we really want you all to get the most out of this time together .

How to Host

BEFORE

Think about what works best for the group of friends you have gathered; Pick a time and place that suits all. For those with children, why not make it a time that's just for adults?

We would encourage you to set aside a clear 2 hours for meeting together. While we don't want you to rush this time together, please do also be mindful of not taking too much of anyone's time.

Make sure your space is ready; pick a nice cafe that you can all enjoy or make your space at home. Take some time to tidy your space, light some candles and why not pop on our **Spotify playlist** in the background? Setting the environment will only help encourage your friends to feel at home and relax in this moment.

DURING

Welcome everyone. Share in some light refreshments and spend a little time catching up or getting to know each other. Once everyone is comfortable begin with playing the Diamonds At Home content.

Listen and enjoy, take notes if necessary.

DURING (continued)

After you have watched the videos, use the worksheet to guide your discussion (you may find your group has lots to say, and you may not need it!) These questions are simply a guide, use them as you feel lead. Enjoy some time sharing together, make space for everyone to talk.

AFTER

Finally, leave time to pray; did someone repond to the gospel? or is there anything you would like to pray for over each other? Let the Holy Spirit move in this moment. Once you are finished, pop the kettle back on and enjoy some final refrehments before everyone heads home.

Please make sure that everyone leaves feeling connected; do they want to sign up to a box group? Do they have a friendly face they can talk to? Please make sure to check out the links on the page below to make sure you and all of your girls are well connected!

Discussion

Question 1:

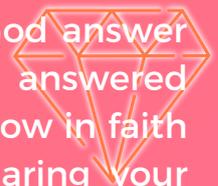

What is your community or area of influence? If you don't know, chat through what community means to you, you might just realise your area of influence is bigger than you realise!

Question 2:

What are you praying 'through to victory' for?

Question 3:

Can you share testimony of a time you saw God answer your prayers? Was this a prayer that was answered quickly? How about a time you had to really grow in faith as you prayed? Encourage each other by sharing your testimony of prayer.

Question 4:

What do you believe God is saying to you through this teaching? This might be something to mull over later, but please feel free to share if you feel led.

Question 5:

What could you do to make a bold but beautiful impact in your community?
